**MAPLE AND BROWN SUGAR
ROASTED BACON**

12 slices thick-cut bacon

¼ cup maple syrup

¼ cup dark brown sugar

Preheat the oven to 400 degrees F. Line a rimmed baking sheet with foil and place a wire rack on top. Spray the rack with non-stick cooking spray. (If you don't have a rack, the bacon can be made by placing it directly on a sheet pan lined with foil or parchment. The bacon will take longer to crisp, so adjust baking time accordingly.)

Place the bacon in a single layer on the rack. Brush both sides of the bacon with maple syrup. Place the brown sugar on a plate and gently press one side of the bacon into the brown sugar; replace on rack with the sugar side facing up.

Place the bacon in the oven and bake for about 20 minutes, or until browned and crisp.

Serves 3-4.
